Degree Program(s)	B.Sc. in Architecture				
academic year	2016/17				
Course Number	Arch 3102				
Course Title	Integrated Design Project II				
Pre-requisites	Arch3091				
Module coordinator	Architectural design team				
Lecturer	Architectural Design-3 Landscape Design-1 Urban design -1			Phone _____ Email_____	
Status of Course	Compulsory				
Semester	6				
ECTS Credits	12				
Course weight (per semester)	Lectures	Tutorials	Studio& Workshop	Home Study	Total Working
	32	32	160	112	336
Teaching & Learning Methods	• Studio project handled jointly by the three teams • Input Lectures from Architectural design team , landscape and urban design team, seminars, Study Visit • Lead by Architecture design team, • Project should focus on **school (complex of buildings).** The type of the school could be decided by the team leader. In this project, students are expected to deal with the various aspects urban design and planning and their importance in architectural design, the integration of landscape design, and construction details from the previous course.				
Attendance Requirements	85%				
Course Objectives &	• Understanding of the integration of Architectural design, urban design and landscape design understanding of the social and urbanistic dimension of Architecture, knowledge of the interdependence of Architecture and urbanism				

Competences to be Acquired	• understanding of the environmental and landscape elements of Architecture • Ability to design a building in an urban scale with a dimension of environmental and landscape focus • Ability to present a complex project with the appropriate digital media
Course Description/Course Contents	• diagrammatic and written explanation of concept • panels for Architectural design containing site plan, floor plans, elevations, sections, renderings of interior spaces and exterior appearance (appropriate scale) • Panels for urban planning and design approaches • Panels for landscape design • model of site/ landscape, model of buildings,
Assessment/Evaluation & Grading System	50% continuous assessment 20% Intermediate Presentations 30% Final Project (10 pts for arch design, 10pts for urban design, 10 points for landscape design)
Literature	• readers from the three teams
